Dear Elizabeth Rhein,

On behalf of the students, staff, and parents at Lowell Elementary School, I would like to thank you for bringing the Dictionary Project to our school. Your generosity provided 60 new dictionaries for our third grade students.

With 85% of our students on free and reduced lunch, many of them have limited access to resource books at home. The beautiful, new dictionaries are a great way to reinforce that our community supports their literacy efforts. Our third grade students have continued to use these books throughout the year and have been helpful in developing their vocabulary and supporting their writing.

The generosity of people in our community is an integral part for the success of our students. Your support has greatly assisted us in our mission to create life long learning opportunities for all students.

Sincerely,

Jodi Lax
